## From The Principal's Desk

Dear Parents and Students of the CNVM family,

As the world endures this, crucial pandemic and we are in a state of inertia,  
I am reminded of a poem written years ago but so apt in these times.

-  
“ And the people stayed home.And read books,  
and listened, and rested,  
and exercised, and made art, and played games,  
and learned new ways of being,  
and were still.

And listened more deeply,  
And when the danger passed, and the people joined together again,  
they grieved their losses, and made new choices,  
and dreamed new images, and created new ways to live  
and heal the earth fully, as they had been healed.”

*Kitty O'Meara*

This is the time of endurance & testing as the Globe experiences a pandemic that is not only changing but will permanently alter the very fabric of our lifestyles, including the pattern of education.

We will find ourselves in Unfamiliar Territory as do our students.

The dictionary is now shadowed by new concepts introduced for the first in human history:

**Social Distancing**

**&**

**Stay Apart to Stay Together.**

As the entire humane race has been brought to its knees due to this crisis, humanity can survive it only by **Being Human & Being Humane.**

And in conclusion, I share with you a profound thought:

***ARE WE AWAKENING TO A NEW WORLD ORDER?***

Are we at a cusp of a new era that will be a significant turning point in the world history?

Did we really need such a severe lesson to bring about such harmonious changes in the environment??

This is a question for all humanity to answer.....

**In the words of the MAHATMA,**

**BE THE CHANGE THAT YOU WISH TO SEE IN THE WORLD.**
